Re: Hugoton Municipal Airport – Build Kansas Funds - 2025-092-GP  
Amendment Request

Dear Mr. Volz,

Stevens County and the Hugoton Municipal Airport sincerely appreciate the selection of our *Improvements to runway, taxiway, lighting, signage, and electrical infrastructure at Hugoton Municipal Airport* project for Build Kansas Funds (BKF). This project will replace edge lighting and navigational aids at our airport that are critical to safe aircraft operations at night and during poor visibility conditions.

The dollar amount in our initial application was based on maintaining a local share of 5% of the total project. Upon further review of the BKF program guidelines, we realized that the local Sponsor requirement is 5% of the non-federal match. Our local County dollars are valuable and any reduction that we can realize on this project allow them to be allocated to the next federally funded project at the airport. If possible, we request that the BKF funds for the project be amended as follows:

|   | <b>Original Application</b> | <b>Revised Request</b> | <b>Difference</b> |
|---|-----------------------------|------------------------|-------------------|
| Total Project Cost                                | \$364,980                   | \$364,980              | -                 |
| Federal BIL Funding                               | \$328,482                   | \$328,482              | -                 |
| Non-Federal Cash Match Required                   | \$36,498                    | \$36,498               | -                 |
| Non-Federal Cash Amount requested from BKF        | \$18,249                    | \$34,673               | \$16,424          |
| Non-Federal Cash Amount provided by the Applicant | \$18,249                    | \$1,825                | - \$16,424        |

We appreciate the Kansas Infrastructure Hub's commitment to Kansas and helping Airport Sponsors like us to maximize our opportunities for BIL/IIJA funds. If you have any questions on the project or the amendment request, please contact me or our engineering consultant (Garver).

Sincerely,

Robert Davis, Airport Board Chairman  
Hugoton Municipal Airport / Stevens County
